

Enrichment Engineer

Zookeepers are always creating new ways to exercise the minds and bodies of the animals they care for. Now it's your turn! Pick an animal from a Philly Zoo at 2 video, and in the space to the left, take some notes on the animal's behaviors, preferences, and needs. Based on your notes, design enrichment for this animal in the space to the right. Include diagrams, labels, and a name!

Animal: _____

Notes: _____

A large, empty, rounded rectangular box with a black border, intended for drawing and designing enrichment for the chosen animal.

Name: _____
